All wine orders tonight will be at a 10% discount to our usual prices

Stone, Vine & Sun is named after the three most important influences on a bunch of grapes, and therefore wine: the earth, the plant and the weather. It reflects our belief that wines should have a sense of place, and be rooted in soil and rock, not irrigated plain. We are committed to selling wines that truly reflect the land they are grown on and endeavour, where possible, to ship direct from independent, family-owned producers. Many of our growers cultivate their vineyards using sustainable, organic, or bio-dynamic techniques. We specialise in the Rhône (we are twice winners of best **Rhône Specialist Merchant** at the International Wine Challenge), Languedoc-Roussillon, Burgundy, Loire and Alsace, plus South Africa (**South Africa Specialist Merchant** International Wine Challenge, 2010) and South America (**Chile Specialist Merchant**, International Wine Challenge, 2015) as well as having an extensive range of wines from Spain, Italy, Germany, Austria, and New Zealand.

Our determination to source good value wines from classic and lesser-known wine regions has consistently won us national acclaim. In 2006 we picked up a trio of awards at the *International Wine Challenge*, named **Small Independent Merchant of the Year**, **South East England Wine Merchant of the Year**, and also taking the prize for **Promotional Material of the Year** for our lists (and, for the third year in a row, we were runner-up for the prestigious Wine Merchant of the Year award). At the 2011 *Decanter World Wine Awards*, we were nominated as one of the top seven regional wine merchants. Press notices include being described by Jancis Robinson in the **Financial Times Weekend** in January 2005 as ‘*arguably the paradigm new independent*’ and, Tim Atkin MW, in **The Observer Food Monthly** (October 2005), voting our mixed case of 12 different wines as the best of those submitted by ten different mail order wine merchants. Based in a warehouse and shop at Twyford, near Winchester, we offer a fast and efficient delivery service anywhere in the UK. Delivery is free locally. An unmixed case of the same wine attracts a 5% discount. Join our mailing list and we will send you regular lists for specific regions, as well as mixed offers, and invitations to our tastings.
